Building Lasting Relationships

ACT Construction is your full service general contractor committed to excellence in waterfront & outdoor living environments

From start to finish, we are obsessed with details. Whether it is constructing a complicated marine project, or maintaining a tight project schedule, we have the experience our clients deserve. We are committed to assist our clients with the final-touch details to provide a completely harmonious setting, that is in exceeding their expectations. To achieve excellence, each project depends on the organization and accomplishment of many stages. With our dedication to beautifully finished details and our emphasis on customer service, we work closely with our clients to conceive their goals and to construct project they envision, detail by detail.

PRECISION IS PRICELESS

We are dedicated to building unique, high quality custom designs with a commitment to providing excellent customer service. To achieve this, only a select number of projects are initiated each year. Each new custom project we build is beautifully crafted by skilled craftsmen who have shown to value time-honored techniques as well as to have the ability to respectfully apply new technology as it is introduced in the building industry. Every new ACT Construction project is supported by professional staff who have the proven experience for the successful completion of each project in our client's best interest.

If you can dream it we can build it! ACT builds with the finest materials available. Our quality, materials, and workmanship ensure that your project will provide a beautiful, functional, and structurally sound result to withstand Florida's climate for years to come.
